## PROFESSIONAL SUMMARY

---

Motivated Computer Science Engineer from TKM College of Engineering with a strong foundation in software development and modern programming languages such as C and Python. Enthusiastic about building scalable software solutions and eager to apply theoretical knowledge in real-world, development-focused environments.

## EDUCATION

---

**TKM College of Engineering - Kollam, India | Bachelor of Computer Science Engineering**

Expected in 06/2026

Current CGPA : 6.7

**AKNM GPTC Thirurangadi | Diploma of Education, Electronics and Engineering**

06/2023

CGPA : 7.1

## SKILLS

---

- |        |            |              |
|--------|------------|--------------|
| • C    | • React.js | • Python     |
| • Java | • HTML/CSS | • Javascript |
| • SQL  | • Git      | • DSA        |

## PROJECTS

---

**Food Donation and Distribution Management System**

10/2024 – 12/2024

Developed a full-stack web application to streamline the process of donating, and distributing food to those in need. The system includes role-based access for Donors, Distribution Centers, Recipients, and Employees. Key features include user authentication, real-time status tracking of donations, AI support for user queries, and a centralized dashboard for efficient food distribution. Designed an ER diagram and implemented RESTful APIs using Spring Boot, with a responsive UI built in React and tested using Postman.

**Activity Points Management System**

01/2025 – 04/2025

A web application to efficiently track, validate, and manage student participation in co-curricular and non-co-curricular activities, automate activity point assignment, and provide analysis and reports for advisors and administrators using React and Firebase.

## CERTIFICATES

---

- Introduction to programming in Java (NPTEL) IIT Kanpur

## POSITIONS OF RESPONSIBILITY

---

- **Student Mentor** TinkerHub TKMCE

## LANGUAGES

---

- English
- Malayalam
